October 2, 2007 -- For Immediate Release

No Contractor Bids Received for the Glasgow Bridge Rehabilitation

MACON – The Missouri Department of Transportation opened contractor bids last Friday for several projects across Missouri; one of those projects was the rehabilitation of the Historic Missouri River Bridge on Route 240 at Glasgow. Unfortunately, no contractor bids were received for this project.

“We will reevaluate the project and talk with the contracting industry to determine what steps we can take to encourage a successful bidding process in the future,” said District Engineer Dan Niec. “We will continue moving forward to re-bid the project as soon as possible.”

The bridge rehabilitation would provide a new plate girder bridge 26 feet wide with no vertical clearance restrictions, and would extend the life of the bridge by 50 years. During the rehabilitation the bridge will be closed to traffic.

For more information contact the MoDOT District 2 Customer Service Center toll-free at 1-888-ASK MoDOT (275-6636). The center is open Monday-Friday, 7:30 a.m. to 4:00 p.m. or visit our website at <http://www.modot.org/northcentral>.
